Garreg Llwyd, Groeslon, Gwynedd, Wales LL54 7UD

Contact

nohuffinallowedproject@yahoo.co.uk

This course will be constructing the straw bale walls of an extension to an early 19th century stone quarryman's cottage called Garreg Llwyd (Welsh for grey stone). The course is situated in a beautiful location in North West Wales close to Snowdonia and the coast. The owners are completely renovating the stone cottage and adding two extensions. It is set in 2.5 acres of woodland, meadow and orchard. Alison and Sally welcome you to their home in the making.

You are guaranteed to learn all about straw bale construction as well as having lots of fun! All course participants will receive a copy of the second edition of Barbara Jones's book "Building with Straw Bales".

For more information about this course and to book your place, please send an email to nohuffinallowedproject@yahoo.co.uk or call Sally and Alison on 01286 832677.
